

## **Sophia Grant**

Cloud Architect (Mid-Level)

### **Summary**

Cloud architect with 4 years of experience designing and deploying secure, automated cloud platforms. Skilled in AWS, IaC, CI/CD, and container orchestration.

### **Skills**

- AWS (VPC, RDS, EKS, Lambda)
- Terraform, CloudFormation
- Kubernetes administration
- CI/CD (GitHub Actions, Jenkins)
- Monitoring (Prometheus, CloudWatch)

### **Experience**

#### **Cloud Architect – BrightScale Digital (2022 — 2025)**

- Designed multi-AZ VPC architectures for SaaS environments.
- Automated infra provisioning using Terraform modules.
- Migrated legacy workloads to EKS clusters.

#### **Cloud Engineer – NorthTech Labs (2020 — 2022)**

- Built CI/CD pipelines for app deployments.
- Maintained infrastructure monitoring dashboards.

### **Education**

Bachelor of Computer Science — University of Waterloo
